Dear Mr. Qaqaya,

The Spanish National Authority for Markets and Competition has been asked to participate in the celebration of the World Competition Day, observed on December 5th since 2010. We would like to support the UNCTAD Secretariat and CUTS for this important awareness campaign.

As you know, my Institution is very acting promoting co-operation activities in this field around the world, mainly in Latin American Countries.

The choice for "Competition issues in Public Procurement" as theme for this years' event is an excellent one. Indeed, it is going to be one of the main topics of the next 12th Edition of the Iberoamerican Competition School we are going to organize in Madrid next December.

We wish you all the best with this campaign and we are glad to join other Competition Authorities participating in this initiative.

Yours sincerely,
